Investigator-Initiated Study

Application Requirements

The Investigator-Initiated Study application process involves two parts:

- Concept submission
- Full protocol submission

First, an Investigator-Initiated Study concept application is submitted through the online portal and includes the following:

- A complete online application
- Signed and dated CV
- Full study budget
- Draft protocol

If your concept is approved, you will be provided information regarding the full protocol submission process.

Concept Application Process

- Review the "Areas of Focus" on https://www.csl.com/research-and-development/awards-grants-and-initiatives/investigator-initiated-studies to identify if the grant request aligns with CSL Behring's areas of interest.
- To start an application, visit: https://www.cybergrants.com/cslbehring/IISGlobal
- Log into your account. First-time requestors must create an account.
- Complete the required request fields and attach the required documents.
- Your concept will be reviewed, and we will notify you of the decision regarding the next step.
